Tube #4 End Cap Replacement Instructions

Tools Needed: Phillips Screwdriver

Parts Supplied: End Cap, Mounting Screws (qty 2)

WARNING: FAILURE TO FOLLOW THESE INSTRUCTIONS CAN RESULT IN PERSONAL INJURY! PLEASE READ THESE INSTRUCTIONS COMPLETELY BEFORE PERFORMING THIS PROCEDURE.

1. Remove the pole from the ground sleeve.
2. Remove the two end cap mounting screws near the bottom of the pole.
3. Remove the end cap using pliers to hold the rib in the center of the cap.
4. Align the slot in the end cap with the rib in the tube, and slide the new end cap into the tube.
5. Align the screw holes in the end cap with the screw holes in the flagpole and install the two mounting screws.
6. Test the flagpole for proper operation.
